Hi Dana,

Here you go (I did not upload to IOPS) but have attached them to this email.

I hope the meeting is going well.

Thanks Pete, that will be a big help. The four drafts are attached. No need to do anything further with TCVP, though. When finished, you can upload the revised drafts to IOPS or email them to me (if you put them on IOPS please email to let me know).

I did hear about Steve Wing just yesterday. Very sad.

Hi Dana,

I'll be happy to revise the other sections.

Thanks for asking, we are doing OK for now, but it is a very strange waiting game.

By the way, I don't know if you've heard yet or not, but I've heard sad news through the grapevine that Steve Wing has been diagnosed with metastatic colon cancer.

Please tell Hans I say hello back and was looking forward to repaying him for all the wine he gave me in Edinburgh!

Thanks,

Pete

Hi Pete,

Do you think you would be able to revise any of your drafts? The group has reviewed Section 1.1 for TCVP (attached) and would like to modify the other sections 1.1 along the same lines, which mostly involve shortening. If you think you could do this, I will send them to you.

Hans says hi, by the way.

Hope you're doing ok.

Dana
